How do I join the Student Union?
Every registered student is automatically a member of the University of Stirling Students’ Union. This means you can benefit from the services and facilities that we provide ranging from academic support and representation, to the ability to join our many clubs and societies. The Union’s offices and catering/bar facilities are handily located just off the Atrium area of the University.

What is the Freshers Fayre?
Everyone remembers their Freshers Week. It’s your chance to find out about your new uni, meet new friends and discover what services and facilities are available to you, not only from the Union but from many University and local services. Every day during Freshers Week (which begins on Saturday 9th September, through until Sunday 17th September) there are activities focused around you taking place in the Atrium area of the campus. The highlight is the Freshers Freebie Fayre on Monday 11th September when a host of companies will be on hand to provide lots of freebies to kick start your week!

How do I buy a ticket for Freshers Week?
In addition to the daytime activities, Freshers fun continues long into the night with the best in entertainment for you! Join us for the party – with everything from the Welcome Party through to Comedy Nights, we’ve got it covered. Tickets for Freshers events regularly sell out and the only way to guarantee your place at all of the events is to get an F Pass! These go on sale online during the summer and not only save you money on the full week of entertainment, but bring with it a host of great benefits as well as your guaranteed entry.
