Using My Bookshelf on BrowZine Web

You can choose to personalise BrowZine using the My Bookshelf function. To begin with you will need to create an account with BrowZine.

Click sign up and follow the on screen instructions to create your account with email address and password of your choice (this is not linked to your University network account).
You will then be sent a confirmation email. **Click** confirm in the email. Your Bookshelf access will then be set up. **Click** on ‘My Bookshelf’ to proceed.

**Using My Bookshelf**

You can easily customise your bookshelves by adding labels. **Click** the pencil icon to edit.

To add titles to your bookshelf, use the search box to find the title you are after. Once you are on the journal page, you can click the ‘add to my bookshelf’ link.
This will automatically add the title to your bookshelf.

![Scientific Journals]

You can move or delete items at any time by hovering over the journal cover and clicking on the menu icon.

![Scientific Journals]

Unfortunately, it is not possible to add titles from certain publishers to your bookshelf. These titles will be marked with a grey journal icon. You can still view the journal content, but you will be redirected to Stirling library’s Journal Finder.

![Journals available outside of BrowZine]

Note: Some publishers’ journals are not included in BrowZine. So if you don’t find the journal you want, we may still have access to the journal another way – see ‘What if a journal isn't in BrowZine?’ at: [http://libguides.stir.ac.uk/browzine/alternatives](http://libguides.stir.ac.uk/browzine/alternatives)
